SPECIAL COUNCIL MEETING

At a special meeting of the city council held fast night to consider the im-provements of a certain portion of 18th street and Grand avenue, there was a full attendance, Mayor Kinney in the

A resolution was passed declaring the Tuesday or before; they would as nearly as possible keep the same men employed A resolution was passed decial as as possible keep the same men to intention of the common council to improve 18th street from the south line of days. The commission, after hearing this statement, adopted a resolution distribution of this statement, adopted a resolution distribution of the bondsmen of

Resolution was adopted declaring the letermination of the common council of Astoria to improve Grand Avenue in that part of Astoria laid out by John McClure from the east line of Sixth street to the west line of 12th street. The chairman of the committee on streets reported that in the matter of letting the contract for the building of the 14th street sewer. after the contract was practically let to Normie, it was discovered that there was another bid put in by Mr. Fastabend which was \$15 less than Mr. Nor-mile's bid, after the errors in the latter

bid were corrected.

A motion that contract be awarded to Fastabend was carried, the mayor explaining that the matter was infor-mally before the council and that its acwas in the nature of instructions to the chairman of the committee on

streets. On motion the first motion was reconsidered and Mr. C. W. Fulton allowed to expeal the matter for Mr. Normile, Mr. Fastabend spoke for himself. Various members of the council also expressed their opinions and the original motion was again put before the council on motion of Mr. Thomson and was carried

THE CONDEMNATION SUIT. Mr. Kamm Gets \$325 Damages from the Rallroad.

The case which attracted the most attention yesterday in the circuit court was the suit against Jacob Kamm et. al., for condemnation of right of way for the railroad over the property known as

the Gray dock. Both sides to the suit were represented by eminent counsel, Hon. C. W. Fulton and Judge F. J. Taylor appearing for the railroad company and Judge J. C. Moreland and C. A. Doph, of Portland, appearing for the defendants. The railappearing for the appearing for the road company made the point that the property as it now stands was practically of little value, was bringing in no income, and was at best only a title to certain riparian rigots, and that the building of the railroad through it would not only not damage it any, but would so enhance the balance of the property on either side of the railroad by giving to it great value for wharfage and warehouse purposes as to make an actual groft to the defendants by the transac-

tion, were they to freely give the right of way. The defense set up that \$15,000 damage would accrue to them by reason of the appropriation by the railroad of a 50foot right of way across their property, which they contended also was not in the nature of a ripurian right's title. The court eliminated the question of riparian rights from the case, as irrele-vent to the subject matter, and after the arguments of counsel were finished, gave the case to the jury. It only took the jury about two hours to arrive at a verdict of 335 damages for the defendants, which is about the amount the rail-road originally offered to give for the

Water Commission.

THROWING ALL TO BONDSMEN

John Hahn was Appointed Receiver of the Pacific Paving Co. by

the Court Yesterday.

The waterworks muddle has at last drifted into the courts and from all ap-pearances that is where it is likely to to the county road, and are kept in per-fect order, while the beautiful flowers on all sides make a most pleasing adjunct being the affair has overshadowed much of the regular work on the circuit cour-docket. The Italian laborers are being talked to about "injunctions" and "re-ceivers" and a hundred other legal terms when the only thing they are able to understand is that they are in need of the barest necessities of life, and are being kept out of their hard-earned wages. All day yesterday little detachments of P. S.—And I can also testify that I these men were being taken by kindnone of them visited the saloons. Mr. WM. WHIGAM. Herman Wise went to a local grocery There will be no preaching at the M. E. teed payment for \$50 worth of groceries church on Sunday morning. Class heet-ing at 19:39. Sabbath school at 12:15 p. ter works boarding house at the top of

mission who seemed to be making stump speeches at every corner, that there was The World's Redemption, was treated in a most masterly, convincing and eloquent manner; so that while the great auditorium was packed to overflow, and the speaker spoke for over an hour, he held the undivided attention of all, and when he had finished the people felt like saying in one accord, begin again, there is no muste like it."

That the mediately accepted and uqalified. Subsequent to the appointment of this request, and all the finished and eloquent mediately accepted and uqalified. Subsequent to the appointment of the appointment of the company notified the water commission through its clerk, of the abandonment of the contract. This document was filed. Immediately accepted and uqalified. Subsequent to the appointment of this request, and all the finished. Subsequent to the appointment of this request, and all the file is the property of the p was filed. Immediately afterwards the company put in an assignment to its bondsmen, of all goods, chattels and moneya belonging to it in the hands of the commission, less the amount of as signments previously made by itself.
At 2 o'clock a joint meeting of the water commission and the city council was held in the council chamber to dis-cuss the best way of providing for th

destitute laborers. At this meeting the members were notified that Mr. Hahr journment of this meeting the water commission held a private session in of boilers have been notified and will be here tomorrow to inspect the boat.

This will no doubt liven transportation matters on the river, but it is not anticipated that there will be much cutting to go on and complete the work from where the Pacific Paving Company had left off, thinking it better to finish it themselves than to let anybody e'se come in and do it at a greater expense.

After all assignments up to the present time in the hands of the commission have been accounted for there remains on hand in available cash the sum of \$1840, with which to pay over \$7,000 worth of labor bills. The bondsmen stated that they would start the work by next recting the payment to the bondsmen of the \$1,800 remaining in their hands (outside of the money called for by the as-signments) upon the discharge of the re-ceiver. The attorneys for the bondsmen and the Pacific Paving Company, it is reported, went and settled the claim of the Clatsop Mil Co. for \$400, in which action the receiver had been appointed, obtaining from the attorneys for the Clatsop MEI Co. a motion authorizing the dismissal of the suit. Up to a late hour last night this motion had not been filed, but it is believed that action in the matter will be taken this morning and the discharge of the receiver asked for. It will be seen that if this statement is correct the bondsmer's attorneys paid

\$100 for a worthfess claim which could not have been realized upon until the preferred creditors (the laborers) had The water commission, by their action n adopting a resolution giving the bonds-men \$1840 on the discharge of the re-ceiver, have created a great deal of adrerse comment in this city and many people are very bitter against the commission for what they believe is most eprehensible conduct. The result of heir action means a co-operation with the bondsmen, wiful or otherwise, to shut out every other claim against the estate of the insolvent corporation, indemands were secured by previous as-signments, the bondsmen agreeing to recognize and pay these assigned claims. thus relieving the commission from any lability in the matter. This scandalous and unheard of action is all the more strange when it is remembered how sev-eral of the water commission have been urging for many days the appointment of a receiver for the pretended reason that

such an official would protect the la In preferring the bondsmen to the detriment of the claims of labor the com-mission shows very plainly a desire to have the work of construction completed. and look on it as a very secondary con-sideration that the men who have tolled hard for poor pay should be given what is due them.

The city council yesterday appointed Mesers. Welch, Scherneckau and Berg-man a labor committee with full power to do everything possible to relieve the distress among the unemployed workmen in the city. The committee starts out today. They will begin by trying to find

IN THE CIRCUI COURT Important Proceedings in Several Cases.

Yesterday was an eteresting day in court. The Kamm condonnation sult was argued and a number of indicted persons were before the court. The following are the proceedings in detail:

Astoria and Columbia River R. R. Co. vs. Jacob Kamm et. al., the jury re-turned a verdict for the defendants, as-sessing their damages at \$25. The case

State of Oregon vs. Ah Look, grand to grant the request of the quarterly ordered discharged from custods. State of Oregon vs. John Lawrence. Ar- in advance to produce desired results."

aigned and charged with crime of know ingly, wilfully and unlawfully opening a scaled envelope. Defendant pleaded not gully and case set for trial October 8th. J. O. Hanthorn vs. Samuel Oliver, Judgment and decree for plaintiff.
